

Pioneer Medical Foundation (PMF)

Informed Consent to Telemedicine Consultation

I understand that telemedicine is the use of electronic information and communication technologies by a health care provider to deliver services to an individual when he/she is located at a different site than the provider; and hereby consent to **Pioneer Medical Foundation** and its physicians, associates, technical assistant, pharmacists, affiliated hospitals and others deemed necessary to assist in my medical care through a Telemedicine consultation.

I understand the following:

1. The purpose is to assess and treat my medical condition.
2. The telemedicine consult is done through a two-way video link-up whereby the physician or other health provider at PMF can see my image on the screen and hear my voice. However, unlike a traditional medical consult, the physician or other health provider does not have the use of the other senses such as touch or smell; and it may not be equal to a face-to-face visit.
3. Since the telemedicine consultants practice in a different location and do not have the opportunity to meet with me face-to-face, they must rely on information provided by me or my onsite healthcare providers. The PMF and affiliated consultants cannot be responsible for advice, recommendations and/or decisions based on incomplete or inaccurate information provided by me or others.
4. I can ask that the telemedicine exam and/or videoconference be stopped at any time.
5. I know there are potential risks with the use of this new technology. These include but are not limited to:
 1. Interruption of the audio/video link.
 2. Disconnection of the audio/video link
 3. A picture that is not clear enough to meet the needs of the consultation
 4. Electronic tampering.
 5. If any of these risks occur, the procedure might need to be stopped.
6. The consultation may be viewed by medical and non-medical persons for evaluation, informational, research, educational, quality, or technical purposes.
7. I understand the examination may be videotaped for internal quality review; however the video images will only be used for those purposes unless further authorized below.

I, the undersigned patient, do hereby understand and state that I agree to the above consents.

I certify that this form has been fully explained to me. I have read it or have had it read to me. I understand and agree to its contents. I volunteer to participate in the telemedicine examination. I authorize PMF and the doctors, nurses, and other providers involved to perform procedures that may be necessary for my current medical condition.

I understand that I have the right to withhold or withdraw my consent to the use of telemedicine in the course of my care at any time, without affecting my right to future care or treatment. I may revoke my consent in writing at any time by contacting PMF office. As long as this consent is in force (has not been revoked) PMF may provide health care services to me via telemedicine without the need for me to sign another consent form.

Excerpt from Chapter 768.28, Florida Statutes

768.28 Waiver of sovereign immunity in tort actions; recovery limits; limitation on attorney fees; statute of limitations; exclusions; indemnification; risk management programs.—

(1) In accordance with s. 13, Art. X of the State Constitution, the state, for itself and for its agencies or subdivisions, hereby waives sovereign immunity for liability for torts, but only to the extent specified in this act. Actions at law against the state or any of its agencies or subdivisions to recover damages in tort for money damages against the state or its agencies or subdivisions for injury or loss of property, personal injury, or death caused by the negligent or wrongful act or omission of any employee of the agency or subdivision while acting within the scope of the employee's office or employment under circumstances in which the state or such agency or subdivision, if a private person, would be liable to the claimant, in accordance with the general laws of this state, may be prosecuted subject to the limitations specified in this act. Any such action may be brought in the county where the property in litigation is located or, if the affected agency or subdivision has an office in such county for the transaction of its customary business, where the cause of action accrued. However, any such action against a state university board of trustees shall be brought in the county in which that university's main campus is located or in the county in which the cause of action accrued if the university maintains therein a substantial presence for the transaction of its customary business.

(2) As used in this act, "state agencies or subdivisions" include the executive departments, the Legislature, the judicial branch (including public defenders), and the independent establishments of the state, including state university boards of trustees; counties and municipalities; and corporations primarily acting as instrumentalities or agencies of the state, counties, or municipalities, including the Florida Space Authority.

(3) Except for a municipality and the Florida Space Authority, the affected agency or subdivision may, at its discretion, request the assistance of the Department of Financial Services in the consideration, adjustment, and settlement of any claim under this act.

(4) Subject to the provisions of this section, any state agency or subdivision shall have the right to appeal any award, compromise, settlement, or determination to the court of appropriate jurisdiction.

(5) The state and its agencies and subdivisions shall be liable for tort claims in the same manner and to the same extent as a private individual under like circumstances, but liability shall not include punitive damages or interest for the period before judgment. Neither the state nor its agencies or subdivisions shall be liable to pay a claim or a judgment by any one person which exceeds the sum of \$200,000 or any claim or judgment, or portions thereof, which, when totaled with all other claims or judgments paid by the state or its agencies or subdivisions arising out of the same incident or occurrence, exceeds the sum of \$300,000. However, a judgment or judgments may be claimed and rendered in excess of these amounts and may be settled and paid pursuant to this act up to \$200,000 or \$300,000, as the case may be; and that portion of the judgment that exceeds these amounts may be reported to the Legislature, but may be paid in part or in whole only by further act of the Legislature.

Notwithstanding the limited waiver of sovereign immunity provided herein, the state or an agency or subdivision thereof may agree, within the limits of insurance coverage provided, to settle a claim made or a judgment rendered against it without further action by the Legislature, but the state or agency or subdivision thereof shall not be deemed to have waived any defense of sovereign immunity or to have increased the limits of its liability as a result of its obtaining insurance coverage for tortious acts in excess of the \$200,000 or \$300,000 waiver provided above. The limitations of liability set forth in this subsection shall apply to the state and its agencies and subdivisions whether or not the state or its agencies or subdivisions possessed sovereign immunity before July 1, 1974.

(6)(a) An action may not be instituted on a claim against the state or one of its agencies or subdivisions unless the claimant presents the claim in writing to the appropriate agency, and also, except as to any claim against a municipality or the Florida Space Authority, presents such claim in writing to the Department of Financial Services, within 3 years after such claim accrues and the Department of Financial Services or the appropriate agency denies the claim in writing; except that, if:

1. Such claim is for contribution pursuant to s. 768.31, it must be so presented within 6 months after the judgment against the tortfeasor seeking contribution has become final by lapse of time for appeal or after appellate review or, if there is no such judgment, within 6 months after the tortfeasor seeking contribution has either discharged the common liability by payment or agreed, while the action is pending against her or him, to discharge the common liability; or

2. Such action is for wrongful death, the claimant must present the claim in writing to the Department of Financial Services within 2 years after the claim accrues.

(b) For purposes of this section, the requirements of notice to the agency and denial of the claim pursuant to paragraph (a) are conditions precedent to maintaining an action but shall not be deemed to be elements of the cause of action and shall not affect the date on which the cause of action accrues.

(c) The claimant shall also provide to the agency the claimant's date and place of birth and social security number if the claimant is an individual, or a federal identification number if the claimant is not an individual. The claimant shall also state the case style, tribunal, the nature and amount of all adjudicated penalties, fines, fees, victim restitution fund, and other judgments in excess of \$200, whether imposed by a civil, criminal, or administrative tribunal, owed by the claimant to the state, its agency, officer or subdivision. If there exists no prior adjudicated unpaid claim in excess of \$200, the claimant shall so state.

(d) For purposes of this section, complete, accurate, and timely compliance with the requirements of paragraph (c) shall occur prior to settlement payment, close of discovery or commencement of trial, whichever is sooner; provided the ability to plead setoff is not precluded by the delay. This setoff shall apply only against that part of the settlement or judgment payable to the claimant, minus claimant's reasonable attorney's fees and costs. Incomplete or inaccurate disclosure of unpaid adjudicated claims due the state, its agency, officer, or subdivision, may be excused by the court upon a showing by the preponderance of the evidence of the claimant's lack of knowledge of an adjudicated claim and reasonable inquiry by, or on behalf of, the claimant to obtain the information from public records. Unless the appropriate agency had actual notice of the information required to be disclosed by paragraph (c) in time to assert a setoff, an unexcused failure to disclose shall, upon hearing and order of court, cause the claimant to be liable for double the original undisclosed judgment and, upon further motion, the court shall enter judgment for the agency in that amount. Except as provided otherwise in this subsection, the failure of the Department of Financial Services or the appropriate agency to make final disposition of a claim within 6 months after it is filed shall be deemed a final denial of the claim for purposes of this section. For purposes of this subsection, in medical malpractice actions and in wrongful death actions, the failure of the Department of Financial Services or the appropriate agency to make final disposition of a claim within 90 days after it is filed shall be deemed a final denial of the claim. The statute of limitations for medical malpractice actions and wrongful death actions is tolled for the period of time taken by the Department of Financial Services or the appropriate agency to deny the claim. The provisions of this subsection do not apply to such claims as may be asserted by counterclaim pursuant to s. 768.14.

(7) In actions brought pursuant to this section, process shall be served upon the head of the agency concerned and also, except as to a defendant municipality or the Florida Space Authority, upon the Department of Financial Services; and the department or the agency concerned shall have 30 days within which to plead thereto.

(8) No attorney may charge, demand, receive, or collect, for services rendered, fees in excess of 25 percent of any judgment or settlement.

(9)(a) No officer, employee, or agent of the state or of any of its subdivisions shall be held personally liable in tort or named as a party defendant in any action for any injury or damage suffered as a result of any act, event, or omission of action in the scope of her or his employment or function, unless such officer, employee, or agent acted in bad faith or with malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety, or property. However, such officer, employee, or agent shall be considered an adverse witness in a tort action for any injury or damage suffered as a result of any act, event, or omission of action in the scope of her or his employment or function. The exclusive remedy for injury or damage suffered as a result of an act, event, or omission of an officer, employee, or agent of the state or any of its subdivisions or constitutional officers shall be by action against the governmental entity, or the head of such entity in her or his official capacity, or the constitutional officer of which the officer, employee, or agent is an employee, unless such act or omission was committed in bad faith or with malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety, or property. The state or its subdivisions shall not be liable in tort for the acts or omissions of an officer, employee, or agent committed while acting outside the course and scope of her or his employment or committed in bad faith or with malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety, or property.

(b) As used in this subsection, the term:

1. "Employee" includes any volunteer firefighter.

2. "Officer, employee or agent" includes, but is not limited to, any health care provider when providing services pursuant to s.766.1115; any nonprofit independent college or university located and chartered in this state which owns or operates an accredited medical school, and its employees or agents, when providing patient services pursuant to paragraph (10)(f); and any public defender or her or his employee or agent, including among others, an assistant public defender and investigator.
